Subject: public comment 2/27/2023 council
Date: Monday, February 27, 2023 8:53:12 AM

Caution! This message was sent from outside your organization.

Dear members of Council,
Good morning.

I had hoped to attend your meeting tonight, but am unable to due to a sick child and a spouse with another obligation. So I am rushing to write this before the 10 am deadline for comments.

I wanted to learn more about the Addison Farms TIF. I did not understand the legal language. The bullet points provided make it appear as though the scope has expanded from that originally discussed, but it's not clear since it's just bullet points. There's no narrative. And there is no Fact Sheet provided in the public agenda packet online.

All I ask is that you not vote on it tonight, and take it to another reading.

I would like the opportunity to watch the meeting video and learn more.

I'm sure I'm not the only community member with concerns, who wants more information about the TIF.

Best,
Stacy Chaney-Blankenship,
943 Executive Blvd, Delaware, Ohio
