

Dear Members of Council and Staff,

I support the Chapter 1168 draft as proposed to City Council on [November 27, 2023](#). Thank you for recognizing that trees serve a vital service to our communities including cleaning air pollution and filtering water. We must plan for future generations, and protect our green infrastructure in Delaware, Ohio.

Sincerely,

Stacy Chaney-Blankenship,  
943 Executive Blvd, Delaware, OH 43015
