All,

We live in Park View in front of the park. We call this State Rt 38 because it is like living on a main road not a neighborhood. As you know, the traffic is awful. We have witnessed cars passing other cars, speeding and cars spinning out after losing control. We have sent in license plate numbers, called the police and even stopped and spoke with the police officers patrolling our neighborhood. The response is always the same and that is they must be caught in the act. The police patrol our neighborhood often and I'm curious how many tickets have been issued? Within 20 minutes on Wednesday the 2nd they pulled over 3 vehicles and they aren't even here during the mad rush...That is a problem! The one way for Broadview Chase will help, however will still require patrolling. Block it off as it was pre build. Let the families play in the park, walk and ride their bikes without being run off the road. When something bad happens and it will, this city will be in trouble. Everyone is aware there is a problem. The city has a bad reputation of bad drivers (Ranked #2 in the state). Building Merrick to Troy is the best solution but that's been talked about for close to a decade now. Thank you for reading this!
