Some people who received this message don't often get email from c_devries_w@yahoo.com. [Learn why this is important](#)

Hello

I am writing to express opposition against making Broadview Chase a one way Street regardless on if this is temporary.

I understand the safety concerns with people speeding down that stretch and sympathize with that. However, this street creates a a wonderful way for those in the area a way of travel without going through town. As someone who lives in Lantern Chase, this provides a near direct route to the schools in town, easy access to Troy Road when heading north and others ways to navigate.

Our city has seen a large increase of construction zones which delay traffic already and this small, but important cut through helps us to make quick trips that may otherwise delay our travels.

Speeding is a concern throughout the entire area along with other traffic violations and by making this a one way it will not deter those who repeatedly violate traffic patterns from doing so.

My neighborhood also sees a huge influx of people speeding. Even though my house is on a corner with a stop sign people still speed. We cannot make an accommodation for one road, and not others, when the issue happens everywhere when a Police vehicle is not present.

We have been waiting years for Merrick to attach to Troy so when we got the connection via Broadview we were ecstatic!

Perhaps a three way stop at that intersection would help slow people down?

Thank you
Catlyn Trowbridge
