Some people who received this message don't often get email from matthewbobola@gmail.com. [Learn why this is important](#)

Hello -

My name is Matt Bobola and I live at 485 Park Vista Dr. in the Park View neighborhood. I am writing to express my support of any measure that would decrease traffic, speeding, and dangerous driving on Park Vista Dr.

I have lived on this street for well over a year now. I have witnessed extreme speeding, cars passing moving traffic on the left, motorcycles doing wheelies, and nonstop traffic during rush hours. This is not the experience I was expecting by purchasing a new home in a **residential** neighborhood. I can think of a few different occasions when I was almost hit by a car while running or walking my dogs and legally crossing the street at a stop sign in a crosswalk. This street is not and should not be considered a thoroughfare for people to “cut through” to get to Troy Rd. faster. People live here, and our safety needs to come first.

I would be glad to discuss this further. I can be reached at matthewbobola@gmail.com or 440-610-4314.

Thank you for considering my input.

Matt Bobola
