

Delaware's Clean Energy Future

Community Choice Aggregation for 100% Clean Energy

Why Community Choice Aggregation for 100% Clean Energy?

Save Delaware households money on their electric bills and protect families from pricing volatility

Support Ohio energy jobs, keep our dollars in Ohio

Freedom of *choice* for participants - no fee opt-out, net-metering

Do our part to address climate change and reduce harmful emissions that impact the health of our community

How?

- **Approve ballot language**

City council approves ballot language and city files ballot issue with Delaware County Board of Elections (no later than August 4th).

- **Run ‘Yes’ issue campaign**

Sustainable Delaware Ohio (SDO)—in partnership with Power a Clean Future Ohio (PCFO) and Ohio Environmental Council (OEC)—will implement a campaign in the community to support passage.

- **Partner with non-profits for public education**

A coalition of non-profit organizations (SDO, PCFO, OEC) stands ready to support the City of Delaware to provide public education resources for the community. See [webpage here](#).

- **Choose supplier**

After ballot issue passes, the city can move forward in 2022 by choosing a broker/supplier or by joining a government aggregator (e.g., SOPEC, NOPEC).

Proposed Timeline for 2021

March	April	May	June	July
<p>8 Earn Council's support to move forward with Renew Delaware campaign</p>		<p>Finalize ballot language</p> <p>28</p>	<p>Council considers ballot language</p> <p>14</p>	<p>Optional: Issue RFP for voter education and choose consultant</p>
August	September	October	November	December
<p>4</p> <p>Deadline for City to submit ballot language to Board of Elections</p>	<p>SDO: voter education</p>	<p>SDO: voter education</p>	<p>2</p> <p>Election day!</p>	<p>Begin consideration of RFP or gov. agg. options for 2022</p>
